

Regulatory Information Sheet

EASTAR Copolyester AN004

Under regulations administered by the U.S. Food and Drug Administration (FDA), *EASTAR* Copolyester AN004 may lawfully be used as an article or component of articles used in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting or holding food subject to the provisions of 21 CFR 177.1240 and 21 CFR 174.5.

EASTAR Copolyester AN004, as supplied by Eastman Chemical Company, complies with the compositional requirements of FDA regulations at 21 CFR 177.1240 (a). Compliance tests performed by Eastman on film made by Eastman from *EASTAR* Copolyester AN004 met the requirements of 21 CFR 177.1240 (e) (1), (2), and (3). Based on these results, it is expected that similar articles made from this product, under conditions of good manufacturing practice and according to Eastman recommendations, will meet the compliance requirements of the regulation.

It is the responsibility of our customers to determine that their use of our product(s) is safe, lawful, and technically suitable in their intended applications. Because of possible changes in the law and in regulations, as well as possible changes in our products, we cannot guarantee that the status of this product will remain unchanged. We, therefore, recommend that customers continuing to use this product verify its status periodically.

For additional information about compliance food additive regulations, please contact your Eastman representative.
